Radical Innovation in Ruter

- Explore possibilities towards Ruters vision
- Explore, learn, test, develop
- Addition to exiting innovation and product development

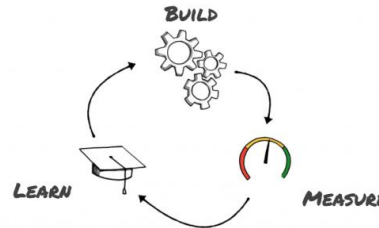

We need your help!

Suppliers and innovators of all kinds are essential for Ruters work on our radical innovations portfolio

We need to listen, learn and work with others

- In order to do so we expect to continuously have:
 - Open Pitch Sessions
 - Dialogue Conferences on selected themes
 - Test and experimentation with partners
 - Monitor market, innovations and techdevelopment in order to assess themes and concept for further exploration
