INTRODUCTION

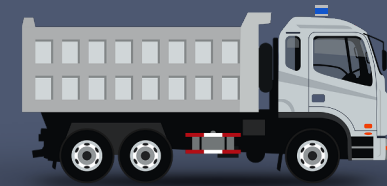

One Software Platform. Three Uses.

Last-mile Shuttles

Last-mile Delivery

Industrial Transportation

We enable operations
365 days of the year

We have a unique and tested solution for driving in difficult conditions.

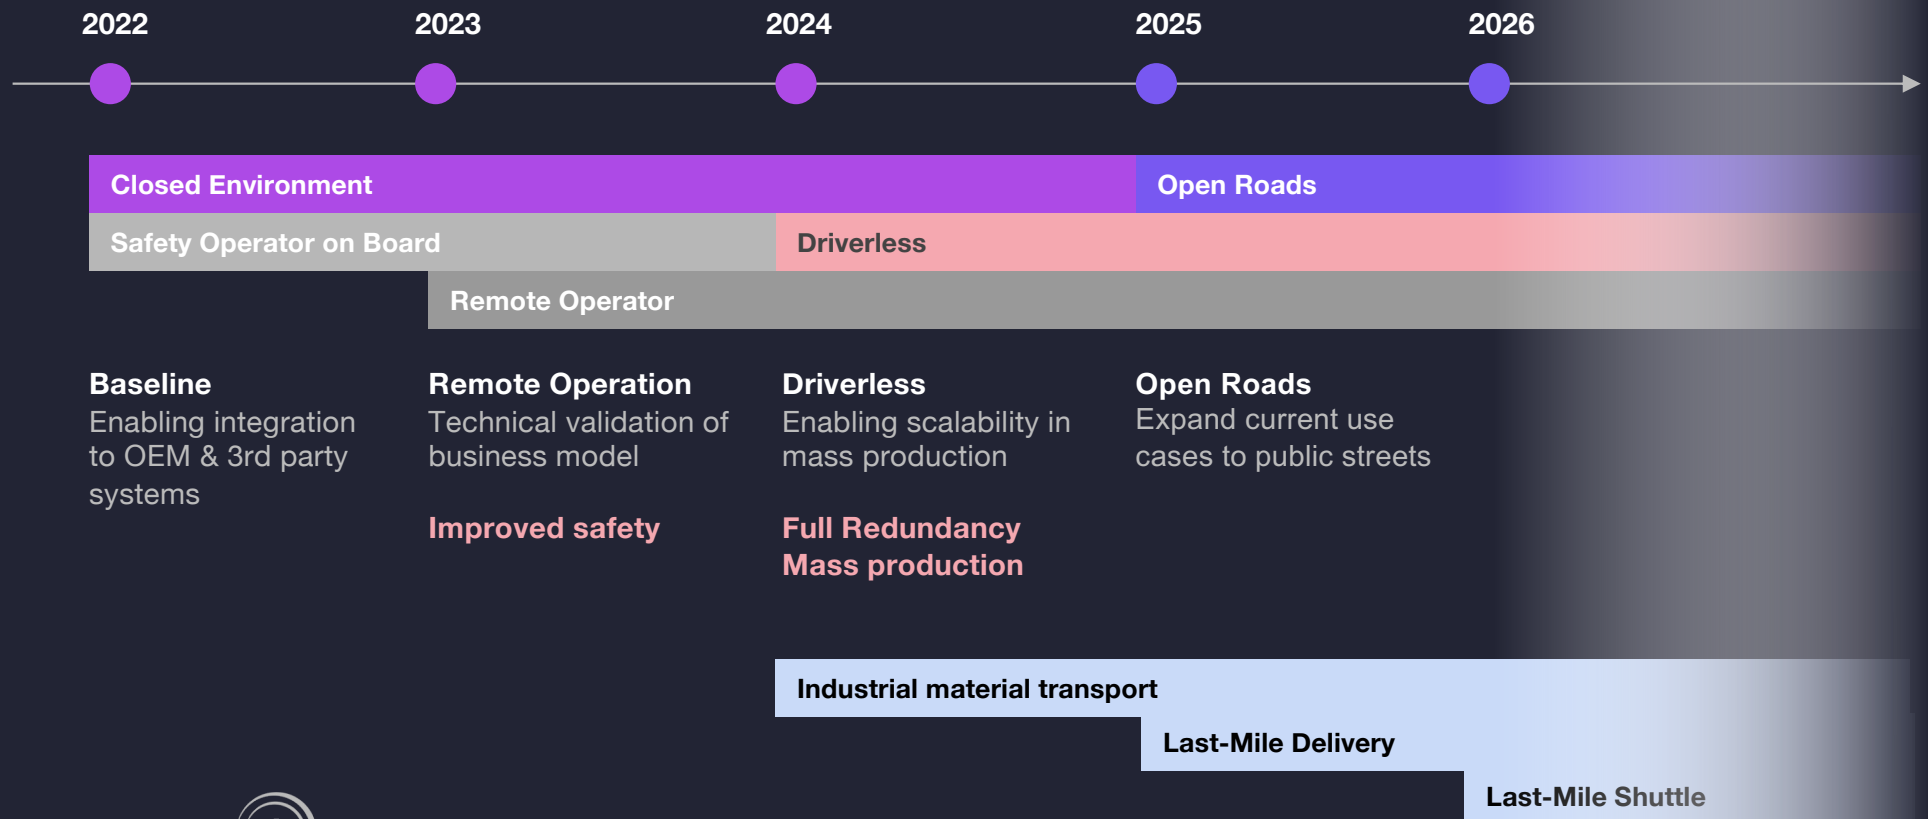

Our core technology, based on probabilistic positioning and mapping:

- Naturally robust against changes in the environment, outliers detected by the sensors
- Requires no visible lane markings

sensible⁴

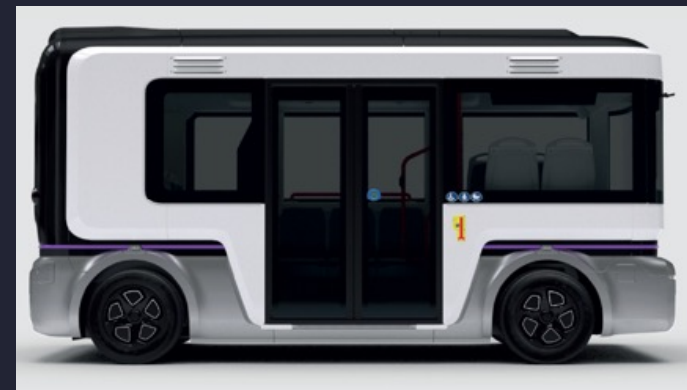

Software Roadmap

Vehicle platforms

Retrofitted Proaces – available NOW

Customer vehicles such as Moove – coming soon
