Ruter#

Enable our
customers to live
their lives by
providing them
with the freedom
to move around

Ruter#

Key drivers for mobility solutions

Urbanization

People move to cities and live urban lives.

Digitalization

New digital technology strongly influence all aspects of operation, development and use of mobility services.

Individualization

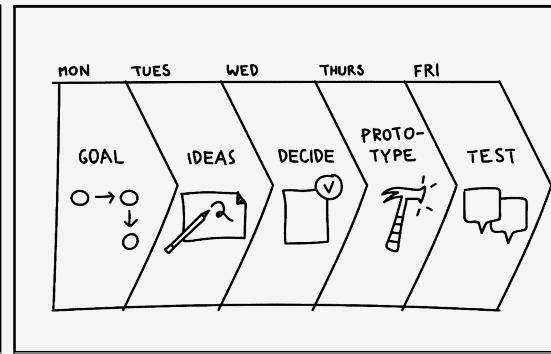

People focus on themselves and take responsibility for their own lives.

Sustainability

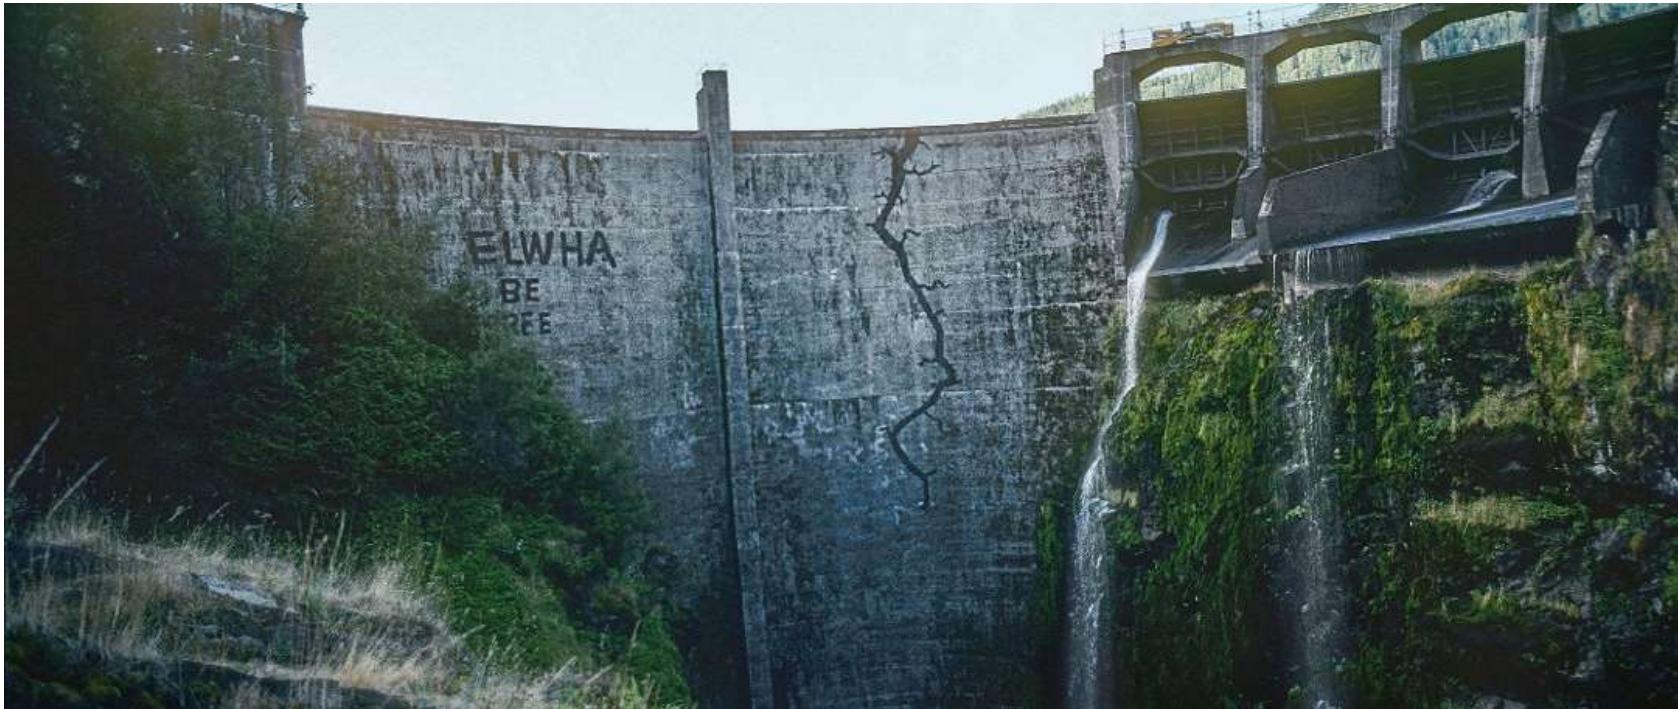

The regional attractiveness focusing on environment and sustainability.

Ruter#

Digitalization will create new needs and opportunities for marked development

We know less about the future than ever before.
When will the dam break and what happens then?

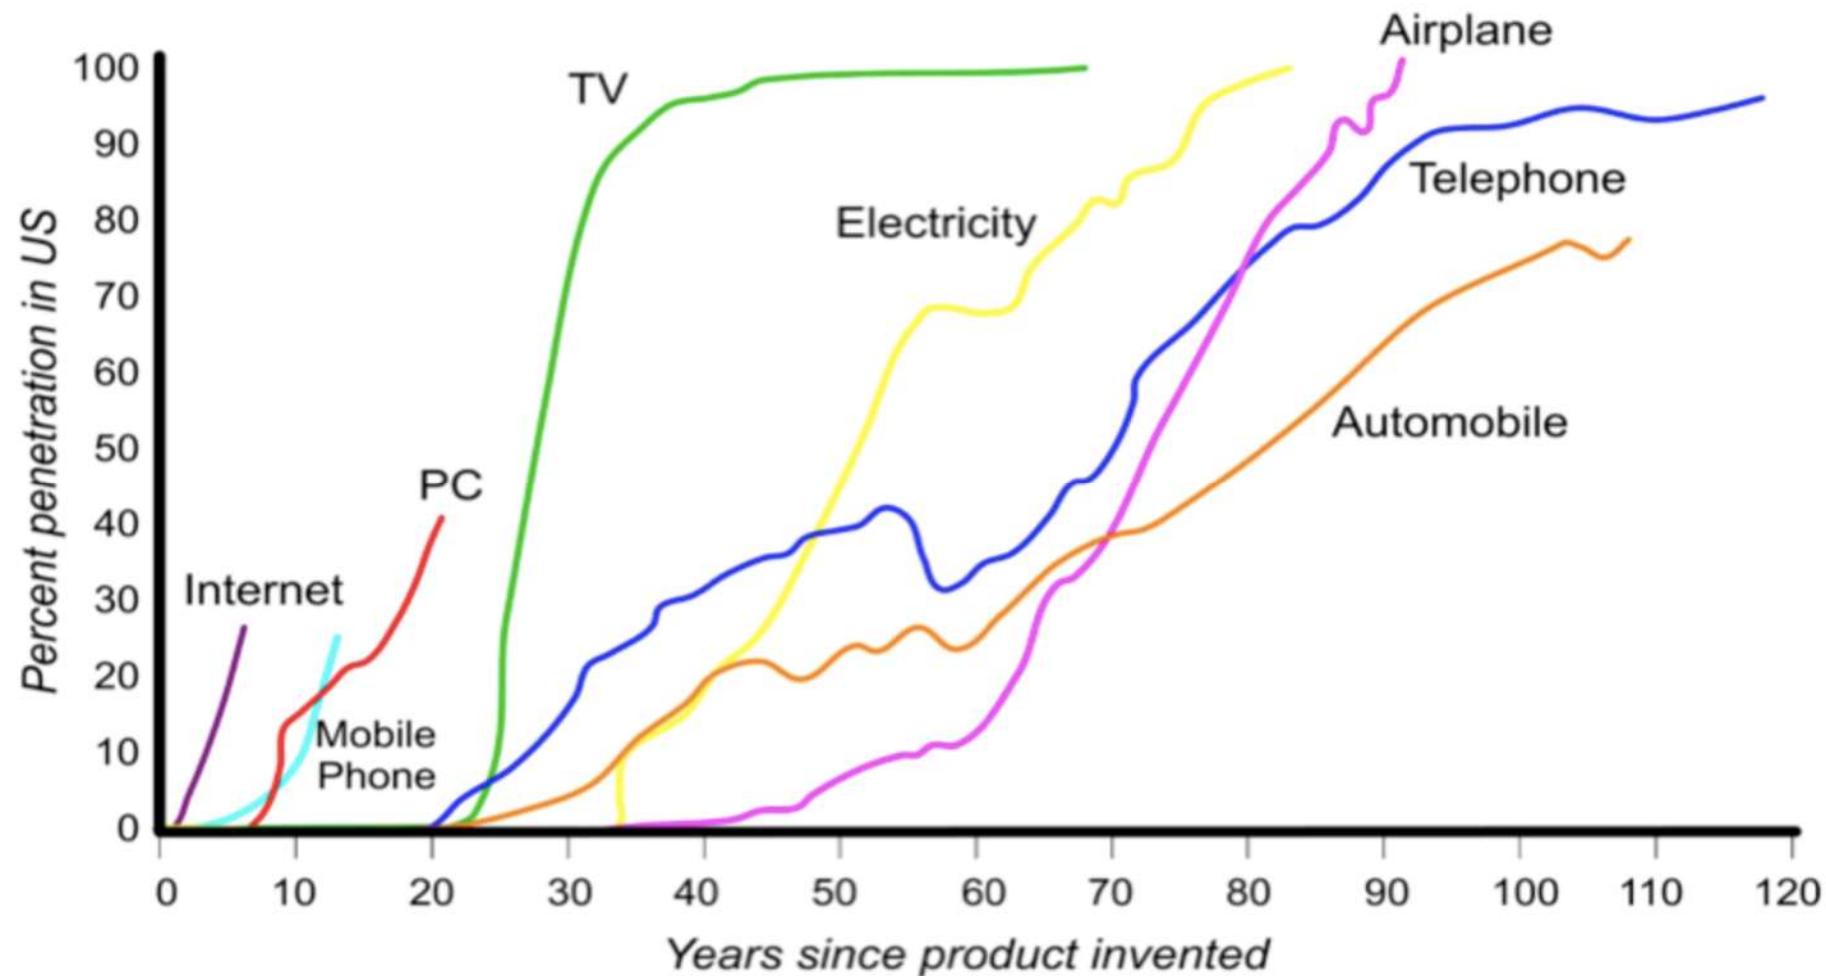

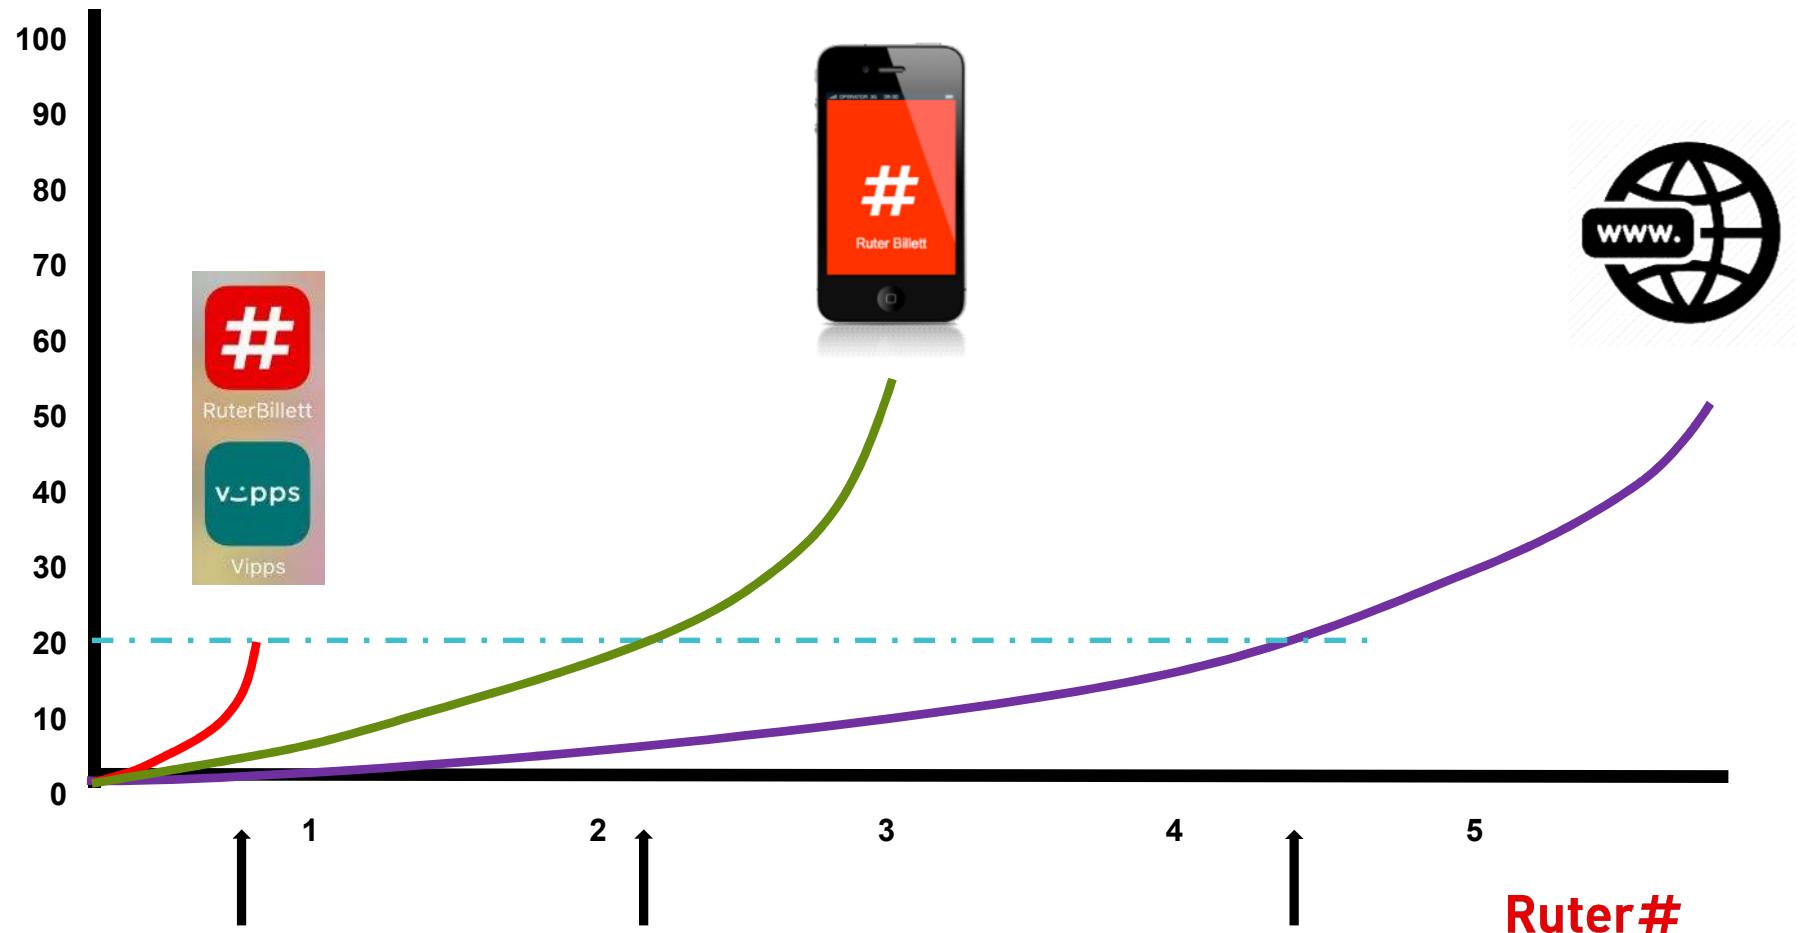

Our travelers have the technology

- 89 % of the population have a smartphone
